YONILICIOUS PTY LTD
ONE WOMAN TO ANOTHER PROJECT
YONILICIOUS ACADEMY
WOMEN'S SHACK

Yonilicious Pty Ltd is the umbrella for Kiki Maree's work in inclusive sex education, sex therapy, workshops, and professional training. Through the **Yonilicious Academy**, the company delivers certified programs in women / vulva haver's + partnered sexual health and wellbeing and somatic practices, supporting both practitioners and individuals to engage with sexuality in informed, embodied, and ethical ways.

Alongside this work, Kiki founded **The One Woman to Another Project**, a community initiative offering free and subsidised support for post-abortion care, single mothers, neurodiverse women, and survivors of sexual violence. The project provides access to workshops, online programs, scholarships, and community events for those who may otherwise face barriers to support.

From 2017 to 2019, Kiki also created **The Women's Shack**, a retreat space dedicated to rest, renewal, and reconnection for all women & vulva havers.

Across all initiatives, Kiki's work centres on accessibility, trauma-informed practice, and the belief that sexual wellbeing is a fundamental part of overall health.

about the school

Founded in Australia in 2016 by sexologist Kiki Maree, Yonilicious Academy was created to offer the comprehensive, evidence-based sex education most people never receive. What began as intimate teaching has grown into a rigorous international training academy serving a global community of students and graduates.

The Academy offers professional education and certification in therapeutic yoni massage and somatic sex coaching, integrating sexology, anatomy and physiology, psychology, nervous-system and trauma-informed care, consent, communication, and hands-on somatic practice—preparing graduates to work with clarity, safety, and professionalism.

Guided by Kiki and a multidisciplinary faculty of 20+ specialists, the curriculum is continuously updated to reflect current research and ethical best practice. Graduates now work across Europe, Asia, Australia, New Zealand, South America, and the USA, supported by clear training pathways, mentorship, and a shared commitment to client care.

what people say

"Love, Sex, and Relationships Coach
Doing my yoni massage practitioner
training with Kiki was one of the
best decisions I could have made.

I felt held and support

along the whole journey, the
support didn't finish when the
course did either. She's helped and
gently guided me as I started to put
my work out into the world.

The way she's put this body of work
together made it super easy to
digest, I loved every part of it. Not
only did it help me to become a
yonis massage practitioner, it helped
me have a deeper understanding of
my own sexuality.

Kiki's wisdom and transmission is
like no other, it's very obvious she
was born to do this work.

Doing this training with Kiki has
given me the skills and confidence
to move forward in a direction that I
feel so passionate about.

With the knowledge I took away
from this I now not only offer yonis
massage but also workshops for
women in the realm of sexuality.

Kiki, my teacher, my sister, thank
you and I love you xx"

"Kiki is just so knowledgeable in all things sex and sexuality and she really inspired me on my own journey of self discovery"

"Kiki has been amazing to work with. She's guided me through the program with ease and support. She was always available to answer any of my questions no matter how small they were and she would also recommend great resources to help me. The course itself was deeply informative

and inclusive, I enjoyed the structure of the course and the 'go at your own pace' style.

Kiki is just so knowledgeable in all things sex and sexuality and she really inspired me on my own journey of self discovery as I worked through the program.

Towards the end Kiki made sure to help me work towards setting up my business and encouraged me to step into my passions and strengths when it came to deciding what direction to go in.

Overall I'm so grateful for having done this course and also for Kiki and her nurturing energy through the whole process. I feel super ready to get out into the world, spread my life and support people on their sexual journeys."
